

NSERC Partnership Information Sessions - Collaborative Research and Development Grants

Date

Thursday February 19, 2015 9:00am to
12:00pm

Location

Rozanski Hall 106

Description

An information session is being offered on the [NSERC Collaborative Research and Development \(CRD\) Grants Program](#). These grants are intended to support well-defined projects undertaken by university researchers and their private-sector partners. The information session will include a presentation from NSERC - Linda Martin; a panel session with UofG faculty who currently hold an NSERC CRD grant; a session with CRD peer review committee members; and advice and available support from the Office of Research.

The session will be held Thursday, February 19, 2015, 9 am – 12 noon, Rozanski Hall 106. While this session is open to all faculty, space limits the number of participants to 25 people. Please RSVP by February 9, 2015, to Patti Minakis pminakis@uoguelph.ca .

See the agenda below for links to the presentations given:

9:00 am
