at Bettina.klenker@oce-ontario.org or Philippa King at Philippa.king@oce-ontario.org.

Full program details, including partner eligibility, are available on [Ontario Centres of Excellence's \(OCE's\) website](#).

Background

The Cybersecurity R&D Challenge is a \$3-million program launched by OCE in partnership with [PROMPT](#) and the [Natural Sciences and Engineering Research Council](#) (NSERC). The program aims to develop innovative new technologies, products and services in cybersecurity. These projects are intended to support and provide solutions to advance Canada's cybersecurity strategy, which seeks to secure government systems and protect citizens, companies and key infrastructure underlying our economy.
