Description:

In this one-day workshop, theory is introduced in short bursts and participants spend the majority of time practicing their presentation skills while receiving onsite feedback.

The focus on extensive practice and feedback is what makes the program meaningful, and is what makes the learning stick.

Workshop Objective:

To create opportunities for participants to build and practice their presentation skills by applying workshop concepts through a series of short presentation practices while receiving in-person peer and expert feedback.

Learning Outcomes:

Through participating and completing this workshop, participants will:

- Broaden their understanding of presentation logistics
- Gain a greater ability to persuade and motivate others
- Understand how to plan and structure presentations
- Understand how (and how not to) use visual aids
- Learn to engage others through genuine and authentic presentation
