## Description

NSERC has begun its fourth annual round of community engagement visits so researchers, students and other stakeholders can connect with us to learn more about recent developments on [NSERC 2020](#) and get the latest program and policy updates.

These visits also offer a platform for the community to ask questions and seek direct information from some of NSERC's grants, scholarships and partnerships experts.

Some of the topics that will be discussed during this round include:

- Highlights from Federal Budget 2016
- Updates on progress of the five goals of NSERC 2020
- Program updates on Strategic Partnerships, Discovery Grants and scholarships
