Applicants are responsible for consulting all relevant material in order to ensure that they have the information they need to successfully complete their application.

French and English Question and Answer webinars will be held in September and October 2016, as per the dates listed below. Please note that CIHR will be conducting its webinars using the WebEx web conferencing platform, and that a pre-registration is required. To register, click the link of the online session you wish to register for. Upon registering, you will receive an email confirming your registration which will include all information required to join the webinar, such as a direct link to the session and session password.

In advance of the webinar, please ensure that:

1. You have access to a computer with speakers in order to hear the presenters. A chat application will be made available to all attendees during the session, allowing you to provide written input and/or questions.
2. Java is installed on your computer, as this software is required to run WebEx.
3. You have reviewed the updated supporting materials listed above.

Use the Cisco WebEx web site to [test your computer for the minimum requirements \(browser\)](#) in advance of the webinar.

If you experience technical difficulties with the WebEx technology, please view this [short tutorial](#) on You Tube that has been developed to help you troubleshoot issues you may have encountered.

Should you have any questions or concerns, please do not hesitate to contact the Contact Centre team.
