For More Information

Please see the sponsor's [website](#) [1] and [Request for Proposals](#) [2] document (includes the link to the [online application system](#) [3]) for more information.

Description

The PDEP provides funds to support the career development activities for underrepresented minority postdoctoral fellows in a degree-granting institution (an institution includes its affiliated graduate and medical schools, hospitals and research institutions) in the United States or Canada whose training and professional development are guided by mentors committed to helping them advance to stellar careers in biomedical or medical research. This grant is meant to supplement the training of postdocs whose research activities are already supported. It is not a research grant.

Eligibility

Applicants for the Postdoctoral Enrichment Award:

- must have no more than 36 months of postdoctoral research experience (in a research laboratory) at the time of application and not be more than 5 years from his/her Ph.D.
- must be nominated by a qualified mentor at the degree-granting institution (an institution includes its affiliated graduate and medical schools, hospitals, and research institutions) where the applicant will conduct the postdoctoral/fellowship training. Applications must be approved by an official responsible for sponsored programs (generally from the grants office, office of research, or office of sponsored programs) at the degree-granting institution
- must have secured a postdoctoral position with funding (including support by the mentor's existing research grants) at a degree-granting institution in the United States

or Canada and must begin the postdoctoral position on or by the designated award commencement date

- must be underrepresented minorities (i.e. American Indian or Alaska Native, Black or African American, Hispanic, or Native Hawaiian or other Pacific Islander)
- must be citizens of the United States or Canada (at the time of application)
- must devote at least 75% of time to research
