
CBCF – Research Project Grant Program and Fellowship 2015

Sponsor

Canadian Breast Cancer Foundation – Ontario Region

For More Information

For more information, please go to the [CBCF](#) [1] website.

Description

Through the [Research Project Grant Program](#) [2], the Foundation has set general targets for research funding across two broad focus areas, including fundamental laboratory and pre-clinical investigations; clinical projects and epidemiological studies; psychosocial, survivorship, supportive care and quality of life research. Each broad focus area will have its own peer grant review panel.

The [Fellowship program](#) [3] supports research and/or clinical and professional training for graduate and post-graduate level scientists, physicians, nurses, and allied health professionals to pursue and develop expertise in breast cancer research and care. Category One: Research Fellowships -

For Doctoral or Postdoctoral researchers to develop expertise and capacity in the fields of breast cancer and breast health research. Research training is expected to take place on a full-time basis.

Eligibility

[Research Project Grant Program](#) [2]: Faculty in Province of Ontario – Canadian citizen or PR

[Fellowship program](#) [3]: Postdoctoral researcher – Canadian citizen or PR - the fellowship program must be hosted at an Ontario University – has identified a faculty member as the Fellowship supervisor

Funding Availability

[Research Project Grant Program](#) [2]: \$150,000/year - maximum of \$450,000/grant – anticipates 16 grants funded

[Fellowship program](#) [3]: Determined annually by the CBCF-Ontario Region Board of Directors – anticipates 10 grants funded

Indirect Costs

0%

Project Duration

Up to five years.
