## Special Notes

Please be advised that the information in this funding opportunity and its supporting documents might change based on the analysis of the results from ongoing pilots. All changes will be highlighted within the text of the funding opportunity and the relevant supporting documents as they are made. No significant changes are expected to be made after December 15, 2015.

### **\*Important Change to Application Limits for CIHR Project Scheme Competitions**

CIHR has heard concerns from many in the research community regarding the restriction that allows individuals to submit only one application to the Project Scheme per calendar year as a Nominated Principal Applicant/Principal Applicant. After having considered the feedback received, and weighing the risks and benefits of making any changes, CIHR has made the decision to remove all application limits in the Project Scheme.

**There is now no limit to the number of applications an individual can submit to the Project Scheme per competition and/or per calendar year.**

CIHR will monitor this as part of the pilots and will make any necessary adjustments, if required. If you have any questions please feel free to contact CIHR at [Roadmap-Plan.Strategique@cihr-irsc.gc.ca](mailto:Roadmap-Plan.Strategique@cihr-irsc.gc.ca) [2].
