For More Information

For more information, please go to the [sponsor](#) [1] website. Please read the HSF 2016-2017 Grant-in-Aid Submission Guidelines carefully.

Description

The HSF Grant-in-Aid (GIA) program provides operating funds to support important, pertinent, novel research in the areas of heart disease and stroke. GIA funding promotes research discovery, exploration and innovation across all health research themes. Research is supported across the four health research themes: Basic biomedical, Clinical, Health services/systems and Social, Cultural, Environmental and Population Health.

Eligibility

Faculty - Any applicant in an adjunct position must submit a letter from their institution.

Funding Availability

Up to \$100,000 per year.

Indirect Costs

0%

Project Duration

2 - 3 years. Only under special circumstances would one (1) year proposals be considered and they must also be fully justified.

Special Notes

GIA applicants are allowed to submit a maximum of one grant application (new or renewal) to the 16/17 GIA competition as either Principal or Co-Principal Investigator. Applicants are allowed to hold no more than two HSF funded GIAs as Principal and/or Co-Principal Investigator at any one time. If an applicant holds ongoing funding as Principal and/or Co-Principal Investigator for two GIAs that are not scheduled to be completed within the coming funding year, no new applications can be submitted.

Deadlines

If College-level review is required, your College will communicate its earlier internal deadlines.

Type	Date	Notes
Internal Deadline	Tuesday, August 25, 2015 - 4:30pm	Please submit your application/proposal and OR5 form to research.services@uoguelph.ca [2]
External Deadline	Tuesday, September 1, 2015 - 4:00pm
