Description

As of April 1, 2015, the three NSERC grants formerly known as Interaction, Regional Opportunities fund and Partnership Workshops were combined into one grant called Connect. Connect Grants provide targeted financial support to encourage post-secondary researchers at universities and/or colleges to connect with industry and other knowledge end-user communities in order to form new partnerships. There must be no existing or past relationship between, or on the one hand, the applicant and any researcher listed on the application, and on the other hand, the company or companies targeted. All of the activities (including travel, events or workshops) must take place in Canada.

Eligibility

Faculty in natural sciences and engineering at eligible institutions, and not-for-profit, non-government organization (including an industry association), industry, and other knowledge end-users.
