
Canadian Water Network call for proposals – Stormwater management and nutrient loading in the Lake Simcoe watershed

Sponsor

Canadian Water Network's Canadian Municipal Water Consortium

For More Information

For more information, please go to the [sponsor](#) [1] website.

Description

Canadian Water Network's Canadian Municipal Water Consortium is soliciting proposals to identify and assess opportunities to reduce event-based phosphorus/nutrient loading from urban non-point sources.

Eligibility

Faculty eligible to receive Tri-council funding

Funding Availability

Maximum budget of \$175,000 - Budgets that demonstrate additional cash or in-kind contributions from partners will be given priority consideration by reviewers.

Indirect Costs

0%

Project Duration

Up to 14 months, no later than March 15, 2017.

Special Notes

This research call will be jointly funded by CWN and a third party granting body. The third party funding is currently pending approval, which is anticipated for early April, 2016. As such, the contract award for this project will be contingent upon CWN's successful receipt of third party funding.

Deadlines

If College-level review is required, your College will communicate its earlier internal deadlines.

Type	Date	Notes
Internal Deadline	Friday, April 8, 2016 - 4:30pm	Please submit your application/proposal along with an OR5 form to research.services@uoguelph.ca [2]
External Deadline	Friday, April 15, 2016 - 11:45pm	

How to Apply

Researcher to submit application to Cailin Hillier, Municipal Consortium Program Coordinator at chillier@cwn-rce.ca [3]
