

SFARI: Pilot and Research Awards 2017

Sponsor

Simons Foundation Autism Research Initiative

Description

Pilot: Innovative, high-impact proposals requesting support for small-scale projects or early-stage experiments that will build on preliminary data or a prior track record and lead to competitive applications for funding by SFARI or other organizations. Investigators new to the field of autism are encouraged to apply for Pilot Awards.

Research: Application type for investigators with demonstrated expertise, for proposals requesting support for compelling, high-impact research on an experimental hypothesis for which, in most cases, preliminary data have already been gathered. The foundation will also consider projects focusing on a central hypothesis where success depends on close collaboration between two or more labs.
